Lens 1 worksheet: material-and-provenance map

Stochastic Parrots and Beyond · Lens 1 worksheet

Question: Which environmental and data choices are hidden by a model's apparent performance?

Task (15 minutes, groups of three or four): Choose your group's research use, or use the prepared BLOOM case. Select **2–3 stages** (3 min). Record **Known, Unknown, Avoidable**, with sources (8 min). Mark the largest unknown and one avoidable cost (2 min). Prepare: "The choice that the performance of this system hides most is …" (2 min). Write **Unknown** for missing evidence. Mark other stages **Not examined**. Label suggested changes **PROPOSED**. See the Lens 1 page.

System: _____

Stage	Known (with source)	Unknown	Avoidable
Data sources			
Collection and filtering			
Training			
Hardware and location			
Deployment and use			
Your own use			

Finding	Notes
The largest unknown	
One avoidable cost	
Sentence for the plenary	

Transfer to the shared fields

Transfer your main finding to the shared fields during the research-use clinic. This step is outside the 15-minute activity.

Field	Notes
Research use	
System or vendor	
Evidence source	
Lifecycle stage	
People affected	
Risk or benefit	
Severity and uncertainty	
Existing mitigation	
Possible alternative	
Disclosure requirement	
Institutional owner	
Next action
